Maybe even better than free.

Just upload the file you want to share with your friends and we send you a download link to your file. Alternatively you can choose to share your downloadlinks on blogs, forums and social networking sites. Our service is completely free for everyone. You can give this download link to your friends by mail orinstant messenger. So try our free and simple filehosting service now. It is also allowed to link to the download page from websites and communities. Keepyour files private, or send your download links only to friends or family. You don't need any special software installed to be able to download your files. If onlywe could, we surely would! On the other hand, using file can actually save you money. filehosting provides an easy possibility for you to send large files toyour friends. Files can be downloaded from any computer from our high speed servers. Using file, you can circumvent those limits without paying to upgradeyour team chat service. No account or credit card is required to get started. The cost of that data transfer is covered by your internet service or the data plan onyour phone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. You decide who you want to share your files with. Any file in any format can be uploadedand downloaded for free. File is free to use with no gotchas and no hidden fees. When you use file, you avoid storing the file you're sending in your cloudstorage or mail server. You can upload any type of file (movies, music, documents, images, zip files and more). Simply upload your file and share the link.Unfortunately, we can't make that part free. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. We have no file size limit.There are no restrictions on the number of times a file can be downloaded. Why pay storage fees for a file that you just wanted to send to a friend or colleague?Also, many team chat apps have limits to the size of files that can be transferred within their apps. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees.
