Maybe even better than free.

The cost of that data transfer is covered by your internet service or the data plan on your phone. Simply upload your file and share the link. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Our service is completely free for everyone. filehosting provides an easy possibility for you to send large files to yourfriends.

Files can be downloaded from any computer from our high speed servers. No account or credit card is required to get started. Keep your files private, orsend your download links only to friends or family. Just upload the file you want to share with your friends and we send you a download link to your file. It isalso allowed to link to the download page from websites and communities. Unfortunately, we can't make that part free. Any file in any format can be uploadedand downloaded for free. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Alternatively you can choose to share your download links onblogs, forums and social networking sites. You can upload any type of file (movies, music, documents, images, zip files and more). You can give this downloadlink to your friends by mail or instant messenger. You don't need any special software installed to be able to download your files. Using file, you cancircumvent those limits without paying to upgrade your team chat service. There are no restrictions on the number of times a file can be downloaded. If only wecould, we surely would! On the other hand, using file can actually save you money. You decide who you want to share your files with. So try our free andsimple filehosting service now. File is free to use with no gotchas and no hidden fees. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. We have no file size limit. This is easy, fast andreliable filehosting!

You don't need any kind of premium-accounts.
