Maybe even better than free.

Our service is completely free for everyone. If only we could, we surely would! On the other hand, using file can actually save you money. You decide who you want to share your files with. You don't need any special software installed to be able to download your files. So try our free and simple filehosting service now. Just upload the file you want to share with your friends and we send you a download link to your file. There are no restrictions on the number of times a file can be downloaded. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. You can upload any type of file (movies, music, documents, images, zip files and more). Using file, you cancircumvent those limits without paying to upgrade your team chat service. Alternatively you can choose to share your download links on blogs, forums andsocial networking sites. The cost of that data transfer is covered by your internet service or the data plan on your phone. Simply upload your file and share thelink. It is also allowed to link to the download page from websites and communities. File is free to use with no gotchas and no hidden fees. Your wallet will benone-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then fromour servers to your friends device. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storagefees. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You can give this download link to your friends by mail orinstant messenger. Any file in any format can be uploaded and downloaded for free. We have no file size limit. Files can be downloaded from any computerfrom our high speed servers. Keep your files private, or send your download links only to friends or family. When you use file, you avoid storing the file you'resending in your cloud storage or mail server. Unfortunately, we can't make that part free. No account or credit card is required to get started. filehostingprovides an easy possibility for you to send large files to your friends.
