Maybe even better than free.

filehosting provides an easy possibility for you to send large files to your friends. We have no file size limit. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Any file in any format can be uploaded and downloaded for free. No account or credit card is required to get started.
Simply upload your file and share the link. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. If only we could, we surely would! On the other hand, using file can actually save you money. Keep your files private, or send your downloadlinks only to friends or family. You can give this download link to your friends by mail or instant messenger. You decide who you want to share your files with.
There are no restrictions on the number of times a file can be downloaded. You don't need any special software installed to be able to download your files. Sotry our free and simple filehosting service now. Unfortunately, we can't make that part free. It is also allowed to link to the download page from websites and communities. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Just upload the file you want to share your download link to your file. Files can be downloaded from any computer from our high speed servers. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You can upload any type of file (movies, music, documents, images, zip files and more). Using file, you can circumvent thoselimits without paying to upgrade your team chat service. The cost of that data transfer is covered by your internet service or the data plan on your phone. Whypay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files th
