Maybe even better than free.

Any file in any format can be uploaded and downloaded for free. filehosting provides an easy possibility for you to send large files to your friends. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Your wallet will be none-the-lighter! Just so we'reall 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friendsdevice. Files can be downloaded from any computer from our high speed servers. You decide who you want to share your files with. File is free to use with nogotchas and no hidden fees. You don't need any special software installed to be able to download your files. Keep your files private, or send your downloadlinks only to friends or family. Unfortunately, we can't make that part free. If only we could, we surely would! On the other hand, using file can actually saveyou money. So try our free and simple filehosting service now. No account or credit card is required to get started. Our service is completely free for everyone.The cost of that data transfer is covered by your internet service or the data plan on your phone. You can upload any type of file (movies, music, documents,images, zip files and more). Using file, you can circumvent those limits without paying to upgrade your team chat service. There are no restrictions on thenumber of times a file can be downloaded. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Filestransferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Just upload the file you want toshare with your friends and we send you a download link to your file. It is also allowed to link to the download page from websites and communities. You cangive this download link to your friends by mail or instant messenger. Simply upload your file and share the link. When you use file, you avoid storing the fileyou're sending in your cloud storage or mail server. We have no file size limit.
